*new streamlined
beauty...
extra-easy loading
...gives a "lift" to
any desk
it works on!*

Created by
VAIL MANUFACTURING COMPANY

*World's largest manufacturer of
paper fastening products*

WARRANTY

This machine, when used with genuine Monarch Standard staples, is guaranteed to provide the most satisfactory performance. Should any trouble develop within 90 days after purchase from your dealer, you may return the machine to us and if our inspection indicates the machine to be faulty, in either material or workmanship, we will either replace, if necessary, or repair. In either case no charge will be made.

On repairs necessitated by the use of improper staples, or by abuse or normal wear in service, we will make our usual nominal charge for the necessary replacement parts plus a small service fee.

Return postage and insurance charge must be included with all repairs.

The Vail Manufacturing Company
900 East 95th Street, Chicago 19, Ill.

THESE

MONARCH FEATURES make any fastening job EASIER, FASTER

1 *New super-easy loading*

Plus exclusive visible load indicator. All Monarch staplers take standard 210 staple strips.

2 *New durability*

Constructed to last as long as the desk you put it on. Grip-fast rubber feet protect finest desk surfaces.

3 *New comfort*

Strike it, tap it or press it, the massive Comfort Cap is gentle to hands, works easily, aids production, reduces fatigue.

4 *New precision*

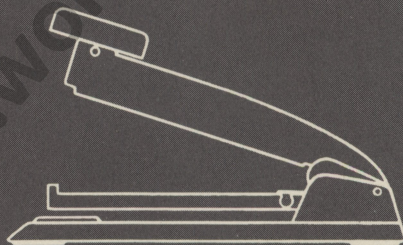

Super-fast, short-stroke action. No annoying clogging.

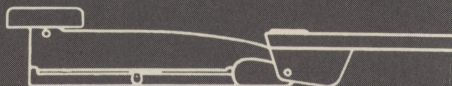

Indicates position empty. Slide button back and stapler opens automatically.

Indicates position one-half full.

Indicates position full.

POSITION FOR LOADING

POSITION FOR TACKING

DIRECTIONS

To open for loading, pull back finger grip, lay staple strip on rail, snap shut and the Monarch is ready for action. To pin, simply slide anvil forward. To tack, merely lift upper part of stapler from the base.
